The Green Earth Charity Woodland 2024 Successfully Concluded

今年春季，我們順利舉行「綠惜植樹日 2024」與公眾一起建立「綠惜樹林」。是次活動更首設親子組別，對小朋友來說是一個全新的體驗！此外，我們更與綠惜企業夥伴及義工團舉行多場植樹活動，超過 400 人合力栽種了 2,550 棵本地原生樹苗。未來我們將繼續努力進行監察與樹苗護理工作，以確保樹苗茁壯成長。

請大家繼續支持「綠惜樹林認養計劃」，一齊栽種孕育更多物種！「綠惜樹林認養計劃」透過種植本地原生樹苗，豐富香港郊野公園的生物多樣性，為野生動植物提供更多食物和棲息地。

This spring, we successfully held the "Tree Planting Day 2024" with the public to establish "The Green Earth Charity Woodland". A family category was introduced to offer children a brand new experience in nature! Furthermore, we organised several tree planting events with our corporate partners and volunteer groups. Over 400 people joined our event and planted 2,550 native tree seedlings. We will continue our efforts in monitoring and caring for the seedlings to ensure their healthy growth.

We kindly ask for your continued support for "The Green Earth Charity Woodland" and let's plant to nurture more species! "The Green Earth Charity Woodland" aims to enrich the biodiversity in Hong Kong Country Parks and provide a variety of food sources and habitats for wildlife.

垃圾徵費暫緩 政府須交代準備工作時間表

Waste Charging Scheme Shelved:

The Government Must Provide a Timetable for its Preparatory Work

政府於 5 月 27 日宣佈暫緩垃圾徵費，然而多項工作的推進並未設定明確目標和時間表，使減廢目標未彰。我們促請當局帶頭在政府設施實行垃圾徵費，並加快推展生產者責任計劃的立法步伐。

Several projects proposed by the government following the suspension of the waste charging scheme on 27 May may yield little impact due to the lack of specific targets or timelines. TGE has urged the government to implement waste charging on its premises and expedite the legislative procedures for the producer responsibility scheme.
